WHEN ORDERING IMPINGER® X2 OVENS, CUSTOMER MUST SPECIFY:

- Natural Gas or Propane
- Single or Three-Phase
- High Stand (for single oven) or Low Stand (for a double stack)
- Right to Left or Left to Right Belt Direction

OTHER CONSIDERATIONS WHEN ORDERING IMPINGER® X2 OVENS:

- Oven price includes stand and block-off plates.
- Ovens come standard with double access door on front panel.
- Ovens will be shipped with block-offs installed if specified.
- Installation kit includes 6 foot electrical cord, plug, and receptacle. NEMA number on plug is listed above. Installation kit may be purchased from Lincoln or acquired elsewhere, but is required for operation of oven.
- Customer is responsible for freight, duty, taxes, and installation.
- Installation includes, among other things, stacking and securing ovens and attaching ovens to proper gas and electrical source as noted above.
- Free start-up check-out included in the price of the oven.
- Contact factory for Lift & Tilt System options.
