

## WORK CENTERS

Combine the storage capacity of a 24" x 48" reinforced adjustable wire shelf with a spacious 30" x 60" or 30" x 72" work surface and you have this multi-purpose **WORK CENTER**. Solid work surface makes food preparation, repairs, assembly and product handling easy.

**WORK CENTER** - Two shelves prevent dust accumulation and maximize visibility. Durable and rust resistant chrome finish. Adjustable floor levelers ensure an even work surface.

Extra Shelves: Model No. **S2448C**

**ADD-A-RISER** - Consists of two 54" chrome posts - Model No. **P54C**, four post clamps - Model No. **AC**, and one 12" x 48" cantilever shelf - Model No. **CS1248C**.

### CHOOSING A TOP

**Maple Butcher Block** - This is a great all-purpose top that can handle extreme surface abuse. First it is kiln dried, and the edge is grain laminated for strength. Next it is glued, electronically cured and sanded smooth. Lastly, the maple is finished with a penetrating oil and sealed in a high quality catalyzed varnish.

**Plastic Laminate** - Super-strong and easy to clean. High pressure plastic laminate-faced wood core can handle heavy abuse and provides smooth, tough working surface for many applications. A cost effective choice.

**Tempcore** - Protects against static build-up, and is chip, dent and warp resistant. Both sides are covered with a 3/16" thick, high grade hardboard. The core is constructed of a 45 lb. density particleboard blended with clear lumber, which is then sanded smooth and sealed.

TOPS ONLY	1 3/4" Maple Butcher Block Top	1 1/4" Plastic Top	1 1/2" Tempcore Top
