60 Cycle / 1 Phase A.C. / 9 amps

NSF

MC-12

Warranty:
One year
parts & labor.

The **ALFA MC-12** has been engineered to be used by commercial food service establishments for heavy-duty commercial use and is also suitable for enduser consumer applications as well. This grinder features a heavy duty 1 HP motor that can grind 8-12 pounds of product per minute. The standard #12 Hub will easily accept our Alfa power attachments such

as our GS-12 Grater-Shredder, our VS-12 Vegetable Slicer and our TN-12 Meat Tenderizer. The MC-12, which features CE, NSF & ETL approvals, comes with a stainless steel #12 meat grinder head, worm, (2) #12 plates (1/8" & 3/16"), (2) #12 knives, pan, sausage stuffing tube & stomper. No oil change is required as the motor comes grease-packed.
